On The Room Entry Door From Inside For Your Reference. Please Be Prepared. Know The Locations Of Stairways, Exits And Fire Alarms.

9. IN CASE OF FIRE

Do Not Use Elevators If You Discover Fire Or Smoke In Your Guestroom, First Call The Fire Department (101) And Give Them Your Location (Name, Address And Guestroom Number). Press The Service Button On Your Telephone And Report Conditions At The Reception At '9'. Take Your Keycard Exit The Guestroom And Close The Door Behind You. Alert Others In The Area And Activate The Nearest Fire Alarm. Walk To The Nearest Stairwell And Exit The Building. Do Not Use Elevators. If Smoke Is Present, Stay Low.

10. HOW TO EVACUATE

Before You Open Your Guestroom Door, Feel It For Heat To Determine The Correct Course Of Action.

a) IF DOOR IS NOT HOT

Open the door slightly and look in both directions for the nearest exit sign. Exit with caution. Take your guestroom keycard, exit the guestroom and close the door behind you. Walk to the nearest stairwell and exit the building. Do not use the elevators.

b) IF DOOR IS HOT

Do not open the door. Call the fire department (101) and give them your location (name, address and guestroom number). Press the Service button on your telephone and report conditions at the reception at '9'. Stuff wet towels or clothes under the door and in air vents to keep out smoke and fumes.

Remain calm and wait for further instructions. If you cannot exit, your guestroom is the safest place to be. If you think you need to open a window for air, and you are above the ground floor, avoid breaking the window because you may need to close it to keep smoke out later.

MAY GOD BLESS US ALL
